

A Complete 360° Management Solution for

AYUSH CLINICS & HOSPITALS

MAKE YOUR HOSPITAL PAPERLESS WITH AYUSH SAAS

Revolutionize AYUSH Healthcare with AyushEHR

AyushEHR is a cloud-based SaaS platform designed exclusively for Ayurveda, Yoga, and wellness practitioners. Built on the robust EHR.Network and aligned with global standards like openEHR, FHIR, and SNOMED CT, it ensures compliance with Open EHR standards while enabling seamless interoperability with other healthtech systems.

Crafted for modern AYUSH practices, AyushEHR offers specialized clinical modules tailored to unique needs, a customizable treatment planner for efficient care delivery, and dynamic dashboards that provide actionable insights into patient care, operational efficiency, and revenue growth. With a secure, scalable, and interoperable architecture, it prioritizes data privacy and allows access anytime, anywhere. Cost-effective product, scalable with multi-region support, makes it ideal for practices of any size.

Beyond clinical excellence, AyushEHR functions as an integrated mini-ERP, streamlining billing, pharmacy, inventory, and appointment management to enhance efficiency and financial oversight.
